MEMORANDUM

SUBJECT: CEI at Clean Harbors
Wichita, Kansas
Administrative ID Number: KSD007246846

FROM: Edwin G. Buckner, P.E.
Compliance Officer
AWMD/WEMM

TO: File

On October 18, 2012, Mike Martin, an EPA inspector conducted a compliance evaluation inspection (CEI) at Clean Harbors in Wichita, Kansas. The inspector discovered several violations. I reviewed the inspection report and determined that the facility had returned to compliance and chose to not pursue enforcement. Unknown to me at the time, the Kansas Department of Health and Environment (KDHE) was tracking facility compliance with an administrative order it had issued to the facility. The violations documented in the inspection report were violations of KDHE's order.

KDHE asked if the EPA was contemplating an enforcement action. I replied to the negative and KDHE asked if it was acceptable to us if it used our inspection report to initiate action of its own. Mike Martin and I have provided information and assistance to KDHE to further its action in this matter. The purpose of this memo is to document that the EPA has referred enforcement of these violations to the KDHE.
